

1) Do you know me!

Objectives of the Practice-

1. Good Practices for Plant Identification for the Herbal Industry.
2. Providing detailed information about plant species.
3. Practical tools for industry members to accurately identify medicinal herbs.
4. To introduce classification of plants and their nomenclature.
5. To become familiar with basic plant morphology.
6. To understand the economical and medicinal uses of plant.

The Context

After completing the background knowledge activity (formative assessment), the teacher can review about plant information. The teacher will lead a class discussion where students will use their background knowledge to make connections of medicinal plant and their medicinal and economical uses.

The teacher can also share a real chart with students and have the students look closely at the parts of the plant as they discuss why each part is important.

Challenges-

1. Collect the one plant and its information about known and unknown species of plant.
2. To collect plant species of various area and prepared the poster.
3. Give knowledge about this plant.
4. To collect plant species of various area and prepared the poster.

Implementation of this practice

DO YOU KNOW ME activity started botany department at Popatrao Kisanrao thorat College Khutbav. The first year students participated in this activity. This activity was conducted under the guidance of Prof. Tamboli Pallavi. According to this activity, identification, classifications, nomenclature, medicinal uses and economical use of plants are studied.

After this the information should be taken by the student writing on the card sheet and the photo of the plant was displaying. These card sheet were displaying on Board. In addition

Implementation of this practice

'Aanandi Bazar' activity started by Commerce Department in this academic year 2021-22 at Popatrao Kisanrao Thorat College Khutbav. In this activity college gave them platform to run this activity. In this activity first year and second year students were participated because this was the starting year of this best practice. Other faculties students also involved in this activity in some praportion. This activity was conducted under the guidance of Prof. Akshta Thorat. By this activity students learnt various business skills like management , marketing skills, customer anlyasis etc. Students also maintain their business records of income and expenses of their stall. After completion of this activity we gather reports about their stall by each stall manager. And also collected reports from other students who were not involve in managing any stall.

The Practice And Evidence Of Success

4. Students get practical knowledge about their subject.
5. They get to know business activities by their own.
6. The feedback from students about that activity was very positive to run this activity in future.
